

**THIS NOTICE IS FOR THE INFORMATION OF
SHIP'S MASTERS AND OTHERS CONCERNED**

**FREMANTLE PORTS NOTICE TO MARINERS
5(T)/2009**

**FREMANTLE PORT
COCKBURN SOUND – Stirling Channel
PEL Light Unlit**

Date – On 2nd April, 2009.
List of Lights VolK/2006/7 - 1777.15

The directional PEL light situated within the white tower to the east of the KBB Jetty which indicates the alignment (105.7 degrees) of Stirling Channel will be temporarily unlit until further notice.

The Front Lead (VolK 1777) and Rear Lead (VolK 1777.05), also marking the alignment of Stirling Channel, remain unaffected and functional.

Mariners are advised to navigate with caution.

**Charts Temporarily Affected
RAN: Aus 114 - Aus 117**

Capt A J Gray
Harbour Master
