

VOYAGER HELP SHEET

How do I View details of the Long Term Schedule

WEB

The Long Term Schedule allows users to view vessels that are scheduled to visit Fremantle Ports bulk facilities. It is a useful tool in planning future visits to the port.

Steps

Screen Shots

1 Log into the Voyager from the Fremantle Ports website.

To Access the Fremantle Ports Website:

<http://www.Fremantleports.com.au>

Select the Voyager Link

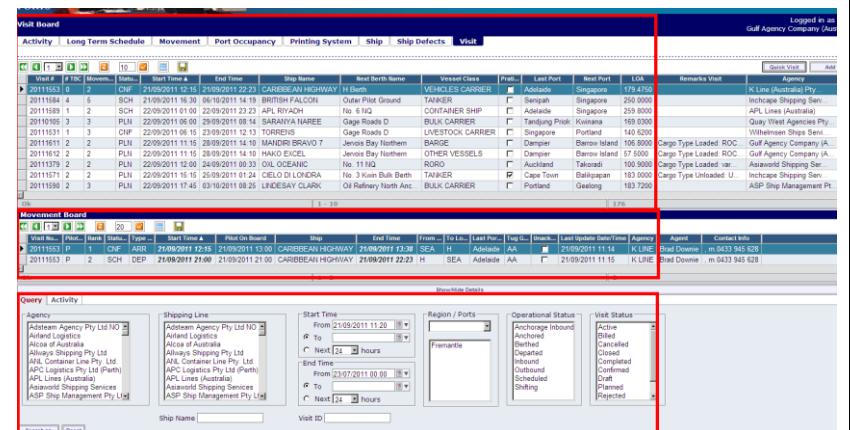

2 The Visit Tab will be displayed when you log in (see top red outlined box highlighted), this tab contains the Visit board allowing you to view the ship visits and their movements coming to and from Fremantle Ports.

You can customise the visit board by clicking on any of the column headings to sort details.

The number of ship visits will be displayed in the grey bar below the last displayed visit, you can scroll through pages by clicking the green arrows (double arrows for next page) or by clicking the grey drop down page list located above the Visit Board.

Located below the Movements section is a Show / Hide Details button, click to show your query options (See step 3 for more details).

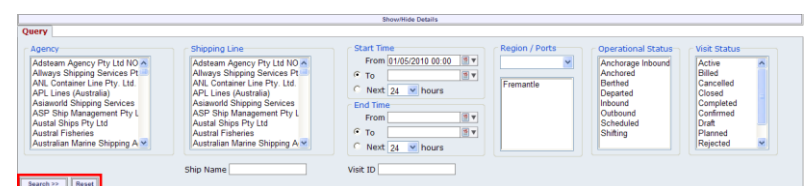

3 The Query section will allow you to search for information by selecting the details you would like to display and clicking Search.

ie find details of ship visits by Shipping Agent etc.

Pictured: Query for Inchcape Shipping Services ship visits.

This will display all ship visits that Inchcape Shipping Services are the Agent for.

Steps

Screen Shots

4 On the Movement Tab the Movement Board is displayed. This shows all movements within the port.

To refine the ship movements displayed use the query function as outlines in step 3.

Query

Agency

- Hatherington Kingsbury Shipr
- HMAS Stirling
- Inchcape Shipping Services**
- Indian Ocean Shipping Agenc
- International Maritime Service
- Japan Marine Agencies
- Jebsens Coastal Shipping Se
- K Line (Australia) Pty Ltd
- Langkavituna Corp c/o - Arte

Search >> Reset

5 On the Long Term Schedule Tab details of ship visits and berth maintenance occurring during the year are displayed.

Use the Long Term Schedule Query to search by berth location, month, year.

Note: If the Query is not showing click the Show / Hide Details button.

Steps

6 To change the calendar view to either a full year or a month change the Calendar Mode query by selecting your preferred option.

To view the details of a particular date hover over the date or click on the date. By hovering over the date the details will be shown in an information balloon, by clicking on the date the details will be shown in the Occupancy section of the LTS (right of the calendar).

Screen Shots

7 Once you have selected a date on the calendar you can click on the Daily Schedule Information Tab this will display more information regarding the bookings. ie Ship Agent (if there is one booked), LOA, visit number etc.
