Fremantle Ports MSIC Induction

Welcome

In the following pages you will find information for the nationwide Maritime Security Identification Card (MSIC) Scheme. This induction will explain what an MSIC actually is, why it may be relevant to you and other important information.

1. What is an MSIC

An MSIC is a nationally consistent identification card which is issued to identify a person who has undergone a background check. It shows that the holder has met the minimum security requirements to work unescorted or unmonitored in a maritime security zone.

The MSIC is not an access card and possession of an MSIC does not provide the right of entry to a maritime security zone. Access is managed by the port or facility operator.

2. MSIC Expiry

MSICs are valid for up to four years, with a background check required every two years. Those requiring an MSIC may apply for a two or four year MSIC.

See section 6: [Types of MSIC](#) for more information.

3. What an MSIC looks like

An MSIC must state your name, expiry date and unique identification number.

If you change your name, your MSIC is valid for only 30 days from the day on which you made the change. You will need to notify Fremantle Ports of any changes and provide evidence before a replacement MSIC can be issued.

A valid MSIC must have a current background check and not be expired, cancelled or defaced. If you are unsure whether your MSIC is valid, contact your issuing body to confirm.

4. What is a Maritime Security Zone (MSZ)

A Maritime Security Zone, or MSZ is an area within regulated ports, around and on board regulated Australian ships, which have additional security requirements, as defined by the *Maritime Transport and Offshore Facilities Security Act 2003*.

You will require an MSIC if you have reason to enter the following areas within Fremantle Ports:

- Victoria Quay (Berths E-H, inclusive of Small Craft Pens)
- North Quay (Berths 1, 2 & 11, 12)
- Kwinana Bulk Terminal (Jetty)
- Kwinana Bulk Jetty.

5. Who can issue an MSIC

Only authorised Issuing Bodies may issue an MSIC.

Fremantle Ports is an authorised issuing body enabled to provide application and consent forms for background checks, process applications and print cards.

Cards are issued under advice by the Department of Home Affairs, AusCheck.

6. Types of MSIC

There are several MSIC application categories. When you fill out an application form, you will be asked to tick the relevant application type. You can select from one of the following:

Provisional MSIC

A Provisional MSIC will be issued to persons under the age of 18 years at the time of application. The card will expire either six (6) months after the person turns 18, or 2 years from the date of approval from AusCheck - whichever date is earlier.

If you are under 14 years of age you will also require a letter from your guardian consenting to the background check.

Standard MSIC

A Standard MSIC will be issued to all eligible persons over the age of 18 years and be valid for either two (2) or four (4) years from the date approved by AusCheck.

The same process is required for new and renewal standard applications.

MSIC based on an ASIC

A person who holds an Aviation Security Identification Card (ASIC) has already undertaken background checks by AusCheck. The valid ASIC must be presented at application for MSIC. The expiry of the MSIC will mirror the ASIC expiry.

MSIC Process

To apply for MSIC, you will need to come into Fremantle Ports and apply in person at the MSIC Service Centre, bringing specific documentation as stated below. Once a decision has been reached, Fremantle Ports will notify you of the decision (by email).

When you lodge your application at the MSIC Service Centre, you will also need to provide several pieces of evidence to enable Fremantle Ports to verify your identification.

The background checking process includes a criminal records check undertaken by CrimTrac and a security assessment conducted by the Australian Security Intelligence Organization (ASIO).

A full list of offences you will be checked against can be found in the *Maritime Transport and Offshore Facilities Security Regulations 2003*. If you have been convicted of any of the offences listed, you may be ineligible to receive an MSIC. If you are unsure whether your application will be successful, we recommend you seek additional information from AusCheck prior to applying for an MSIC.
