### Fremantle Ports - Inner Harbour Port Beach Nourishment Project

Vessels are advised to navigate with caution due to dredging activities taking place around Deep Water Channel area as marked in below image.

The Port Beach Nourishment project involves Trailing Suction Hopper Dredger (TSHD) Modi R dredging within Deep Water Channel (DWC), transiting between DWC and Port Beach, and placement of the material within the swash zone offshore from Port Beach. Fremantle Ports VTS, TSHD Modi R will be continuously monitoring VHF Ch 12 for communications.

The project will be in operation until the end of August (2022).
