

**THIS NOTICE IS FOR THE INFORMATION OF
SHIP'S MASTERS AND OTHERS CONCERNED**

**FREMANTLE PORTS NOTICE TO MARINERS
8/2011**

**FREMANTLE PORT
OUTER HARBOUR - Anchorage Positions**

Former Notice - FPA NTM 1(T)/2009 is cancelled.

To ease periodic congestion on existing anchorages within Gage Roads, seven (7) anchorage positions that were previously temporary have now been permanently declared.

These anchorage positions are all within Port Limits, north of Deep Water Channel and between the 20 and 30 metre bathymetric contours.

To facilitate clearance between each anchorage position, a 0.27nm (500 metre) swinging radius has been used together with a minimum of 0.81nm (1,500 metres) between each centre.

The anchorage positions (format ddd° mm.mm') are listed below as:

Anchorage Designator	Anchorage Position (WGS84)	
	Latitude	Longitude
O 1	31° 53.23' South	115° 38.91' East
O 2	31° 54.04' South	115° 39.25' East
O 3	31° 54.49' South	115° 40.14' East
O 4	31° 55.07' South	115° 39.07' East
O 5	31° 55.58' South	115° 39.88' East
O 6	31° 55.94' South	115° 38.94' East
O 7	31° 56.44' South	115° 39.79' East

Fremantle Ports' VTS will inform vessels of nominated anchorages dependant upon existing anchorage occupancy.

Mariners are advised to navigate with caution.

Charts Permanently Affected

RAN: Aus 112, Aus 754

DPI: WA 001
