

**THIS NOTICE IS FOR THE INFORMATION OF
SHIP'S MASTERS AND OTHERS CONCERNED**

**FREMANTLE PORTS NOTICE TO MARINERS
Number 2(T)/2021 Issued 03/02/2021**

**FREMANTLE PORT - Outer Harbour
CBH - Kwinana Grain Jetty works**

Former notice 11(T)/2020 - cancelled

Mariners, including recreational mariners, recreational divers, kayaking enthusiasts and other port users are advised that due to a planned jetty, cathodic protection system and pile maintenance and refurbishment programme a 'safety' exclusion zone extending 50 metres around the Kwinana Grain Jetty has been established and will remain in place until the end of the maintenance works, currently anticipated to be the end of April (2021).

Only authorised commercial vessels and vessels associated with the works will be permitted within the zone during this period.

The works will involve rope access teams and divers working beneath the jetty and will include hot works and overside instillation works.

Charts Temporarily Affected

RAN: Aus 117

DoT: WA 001
